### **MESSAGE FOR CHAIRMAN**

I consider it an honor to be associated with the Maulana Minnatullah Rahmani Technical Institute, Phulwarisharif, Patna, since its inception in 1993. It will be relevant at this stage to remember and pay our tribute to the founding fathers of this institution particularly Maulana Syed Nizamuddin (who was then the Nazim of Imarat-e-Shariah,) Qazi Mojahidul Islam and the then Ameer-e-shariat Maulana Minnatullah Rahmani. It was a pleasure to work with them and the institute was finally established due to their sweat and labour.

We got temporary affiliation for starting diploma courses in medical lab technician from the department of Health Government of Bihar in 1993 and this continued till 2006, after which we were granted permanent affiliation. The Physiotherapy (DPT) courses were started in 2006 and are continuing till date. It will be improper if I do not mention the valuable advice and services rendered at this stage by Dr. (Prof.) Alakh Gupta, Dr. N. K. Sahu & Mr. A Mateen and others. Seeing the usefulness and utility of these services we decided to start bachelor courses in these two specialties under the Magadh University from 2013 and are now in the process of getting our affiliation shifted to the newly established Patliputra University from 2018.

Since its inception more than one thousand boys and girls have passed through the corridors of this institution with DMLT, DPT, BMLT & BPT degrees and are well placed in medical institutions all over the country and also abroad. Bridge courses from diploma candidates are also now available. Our results over the years have been the best in the entire university. Presently we have nearly 300 students studying in our institutions and Insha Allah this number will grow in the coming years with addition of newer facilities.

The present team consisting of Maulana Anisur Rahman Qasmi, Maulana Sohail Nadwi, Dr. S. N. Ahmad, Maulana Iftekhar Nizami, Dr. S. M. K. Waris, Mr. S. N. Ahmad along with the permanent and part time faculty are doing a great job and Insha Allah we hope to take the M.M. R. T. Institute to greater heights in the days to come.
